

Returning to Eden: Reclaiming Our Sexual Essence, Innocence, and Expression

A Tantra Workshop
with David Franklin and Anakha Coman

March 8th 2009

Sunday - 9am - 6:00 pm

*This divine love,
beckons us
to a world beyond
only lovers can see
with their eyes of fiery passion.*

*They are the chosen ones
who have surrendered.
Once they were particles of light
now they are the radiant sun.*

*They have left behind
the world of deceitful games.
They are the privileged lovers
who create a new world
with their eyes of fiery passion.*

~ Rumi

As men and women, we yearn to experience union, harmony, bliss, deep connection, presence, creativity, passion and play. However, many times our best attempts are thwarted by our own cultural programming, fears, grievances, and beliefs that have kept us separate, isolated, unravished, frustrated, angry and afraid.

In this rare and exquisite experience, we will engage primal movement, sacred ritual, ecstatic intimacy practices, deep dialogue, and expressive art to call the soul of our innate sexuality home, creating authentic, integrous and nourishing connections with each other.

We'll create a touchstone experience of embracing, integrating and transforming the blocks to Love's presence that keep us separate and longing for true intimacy and union with ourselves, the Divine and with each other.

Through the honoring of our beauty and brilliance, exposing our fears and vulnerabilities, and celebrating our oneness. We'll connect with our natural essence and create healing, intimacy, passion and beauty.

In this experience, you will be invited to

- § Connect with your own sexual essence and original innocence
- § Reconcile and heal limiting beliefs and grievances with the genders
- § Experience the fusion of the mystical and the erotic in sacred intimacy
- § Perceive and receive the gifts of the Sacred Masculine and Sacred Feminine
- § Connect with and bring forth your own unconditional presence as a blessing
- § Experience the healing powers of communion, play and ritual
